

## Event Firearm Policy

For approval, all event requests to possess, show or display any firearms, ammunition, simulated firearms, or simulated ammunition on premise must be made in writing to Boise Centre a minimum of ninety (90) days prior to the event date.

If approval is given, the following guidelines must be met:

- The exhibitor must comply with all Federal, State, and Local laws governing the possession and/or sale of firearms.
- Firearms may not be loaded or fired in Boise Centre.
- Firearms for display or auction must be deactivated by removing firing pin, the bolt, or otherwise altered so they are incapable of being fired (by a metal lock through the trigger mechanism, a plastic strap securing the trigger or hammer mechanism, a plastic strap securing the firearm's "action" mechanism in an "open" state).
- Powder or primers are prohibited in Boise Centre. Sample live ammunition may be displayed in exhibits which are kept separate from firearm exhibits or by exhibitors who do not also display firearms.
- Firearms and ammunition will be inspected by Boise Centre to ensure adherence to these conditions.

For more information or questions please contact Boise Centre's Safety and Security Specialist by calling (208) 489 - 3607.
