

VIDEO CONFERENCE & STREAMING GUIDE

Boise Centre can accommodate a wide range of video conference and streaming needs. While requirements are unique to each event, we recommend that clients select the virtual event platform best suited for their objectives.

Our team of specialists will gladly offer direction on the various options available.

Boise Centre is equipped to furnish the necessary tools to capture live video and computer content to stream across the virtual event platform. Equipment may vary based on unique factors; however, all streamed events will require an AV technician to monitor feed and switch content as needed.

IN ADDITION TO THE STANDARD VIDEO CONFERENCE AND STREAMING PACKAGES BELOW, OUR EQUIPMENT AND SERVICES CAN BE CUSTOMIZED TO FIT EACH EVENT.

Studio Package \$1,405 (Virtual)

Pre-recorded or live streamed from Boise Centre with no attendees on-site

- Single presenter or discussion panel
- Live streaming professional 1080 HD video with switching between content
- Post-production recording (edited/rendered) provided to client
- Stage with studio lighting and décor

Breakout Package \$900 (Hybrid Event with Streaming)

Live streaming service is an added component to the breakout equipment ordered for the room

- Live streaming professional 1080 HD video with switching between content
