

# CLEAN & SAFE

Boise Centre is committed to ensuring a clean, healthy environment for our employees, and guests. As a GBAC STAR™ accredited facility, we adhere to stringent protocols to minimize risks associated with infectious agents like COVID-19.\*

## Face Masks

Currently, there are no state or local mask mandates in effect, only recommendations. If requested by a group, Boise Centre staff members will wear masks. Please speak with an Event Manager for more information.

## Heightened Cleaning and Disinfection Protocols

Boise Centre is adhering to CDC and GBAC guidance for cleaning and disinfection. Cleaning protocols and frequency have increased with an emphasis on highly visited areas such as restrooms, event spaces, elevators, and escalators.

## Catering

Front & Centre, exclusive in-house catering for Boise Centre, has created service standards for high quality and guest safety. All catering and bar services are available.

## Temperature Checks

If desired, thermal monitoring cameras are available for groups to rent. Please speak with an Event Manager for more information.

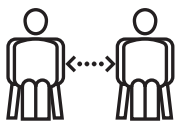

## Hand Sanitizers

Alcohol-based hand sanitizer dispensers, touchless whenever possible, and sanitation stations are placed throughout the venue.

## Hybrid and Virtual Event Design

Video conferencing and live streaming capabilities, Boise Centre's audio visual experts will provide the equipment and know-how to ensure your virtual event is worry free.

## Alternative Seating Capacity

A variety of meeting room diagrams have been created to demonstrate physically distanced seating capacities.
